Please note - permission will be declined if it is felt that clubs are asking in order to strengthen their team rather than giving opportunities to more players.

All applications for permission must be received by 31st December, or by a date specified by the National Competitions Coordinator.

The Competitions TAG would like clubs to use their own players and would expect all players playing in the final to have represented the club, at some level, over the course of the season. This will be monitored.

Examples:

	<i>Scenario</i>	<i>Result</i>	<i>Rationale</i>
<i>1</i>	<i>Club A has 5 players, Club B has 7 players – clubs approach National Competitions Coordinator for permission to join together.</i>	<i>Merger accepted for that competition only.</i>	<i>By joining together clubs it enables players to participate in the competition.</i>

2	<i>Club A has 10 players, Club B does not enter youth competitions at that level but has several players in that age group. Both clubs approach National Competitions Coordinator for permission to use 3 players from club B.</i>	<i>Accepted</i>	<i>Club A has insufficient players to put their own team in but by adding the three from club B allows all to participate.</i>
3	<i>Club A has 5 players, Club B has 7 players – clubs approach national competitions coordinator for permission to join together. They then approach National Competitions Coordinator to ask for permission to use 2 extra players from club C.</i>	<i>Denied</i>	<i>Only two teams are permitted to join together. Other players are signposted to another club.</i>
4	<i>Club A has 20 players, Club B has 2 players. Player X from Club B requests to join Club A</i>	<i>Denied</i>	<i>By player X joining club A they will be stopping an existing player from club A playing. Player X signposted to a different club.</i>
5	<i>Club A has 20 players but claim not to have a goalkeeper, club B does not enter youth competition but has a goalkeeper of the right age.</i>	<i>Denied</i>	<i>Same reasoning as example 4</i>

K. Issues Not Covered in These Regulations

Clubs should contact the relevant National Coordinator.

L. Photography Consent

Clubs competing in the finals will need to complete a photography consent form before the event. This should be returned to the National/Regional Coordinator before the event. Failure to return the form may result in the team being withdrawn from the competition.

M. Penalties

If it is found that an ineligible player(s) has played in the Finals, the team's result(s) will be null and void with any trophies handed back and awarded to the relevant opponent(s). The matter will be reported to HW who reserves the right to take further sanctions should they deem it necessary including imposing a ban on the offending club / team.

N. Fines

Clubs who withdraw from any round of any Competition may be fined up to a maximum of £150

In the case of serious or repeated offences the TAG retains the right to impose additional penalties which may include increased fines as well as the option to ban or suspend clubs or teams from entering competitions.

O. Disputes / Appeals

1. Any complaint that may arise relating to these regulations or other matters relating to this competition will only be considered if it is sent in writing to the Hockey Wales Competitions TAG Chair within 48 hours of the event / decision.

Appendix (from FIH General Tournament Regulations – August 2017)

In a shoot-out competition, five players from each team take a one-on-one shoot-out alternately against a defender from the other team as set out in this Regulation. The shoot-out competition comprises all series of shoot-outs required to determine a result.

The following sets out both the playing Rules and the procedures to be followed.

- 1 If the shoot-out competition takes place after the end of a match, the first shoot-out should take place within four (4) minutes of the end of regulation playing time.
- 2 The respective Team Managers provide five players to take and one player to defend the shoot-outs from those on the Match Report except as excluded below. A player nominated to defend the shoot-outs can also be nominated to take a shoot-out. No substitutions / replacements are permitted during the shoot-out competition other than as specified below.
- 3 A player who is still serving a disciplinary suspension by the Technical Delegate at the time the shoot-out competition takes place or has been excluded permanently (red card) during the match which leads to the shoot-out competition, cannot take part in that shoot-out competition. A player who has been warned (green card) or temporarily suspended (yellow card) may take part in the shout-out competition even if the period of their suspension has not been completed at the end of the match.
- 4 The Technical Delegate will specify the method of timing shoot-outs taking account of the facilities available and the need to control time accurately.
- 5 The Technical Delegate will specify the goal to be used.
- 6 A coin is tossed; the team which wins the toss has the choice to take or defend the first shoot-out.

- 7 All persons listed on the Match Report other than any player who has been excluded permanently (red card) during the match which leads to the shoot-out competition are permitted to enter the field of play outside the 23m area used for the shoot-out but must be at least 10 metres from the spot where the ball is placed at the start of the shoot-out.
- 8 The goalkeeper / defending player of the team taking a shoot-out shall wait on the back-line outside the circle.
- 9 A player taking or defending a shoot-out may enter the 23m area for that purpose.
- 10 Players taking a shoot-out and also defending the shoot-outs taken by opponents are allowed reasonable time to take off their protective equipment to take their shoot-out and subsequently to put back on their protective equipment.
- 11 Five players from each team take a shoot-out alternately against the goalkeeper / defending player of the other team making a total of 10 shoot-outs.
- 13 Taking a shoot-out:
 - a the goalkeeper / defending player starts on or behind the goal-line between the goal posts;
 - b the ball is placed on the nearest 23m line opposite the centre of the goal;
 - c an attacker stands outside the 23m area near the ball;
 - d the Umpire blows the whistle to start time;
 - e an official at the technical table starts the clock;
 - f the attacker and the goalkeeper / defending player may then move in any direction;
 - g the shoot-out is completed when:
 - i 8 seconds has elapsed since the starting signal

- ii a goal is scored;
 - iii the attacker commits an offence;
 - iv the goalkeeper / defending player commits an unintentional offence inside or outside the circle in which case the shoot-out is re-taken by the same player against the same goalkeeper/defending player;
 - v the goalkeeper / defending player commits an intentional offence inside or outside the circle, in which case a penalty stroke is awarded and taken;
 - vi the ball goes out of play over the back-line or side-line; this includes the goalkeeper / defending player intentionally playing the ball over the back-line.
- 14 If a penalty stroke is awarded as specified above, it can be taken and defended by any eligible player on the Match Report subject to the provisions of Articles 17, 18 and 19 of this Appendix.
- 15 The team scoring the most goals (or ahead by more goals than the other team has untaken shoot-outs available) is the winner.
- 16 A player may be suspended by a yellow or red card but not by a green card during the shoot-out competition.
- 17 If during a shoot-out competition (including during any penalty stroke which is awarded) a player is suspended by a yellow or red card:
- a that player takes no further part in that shoot-out competition and, unless a goalkeeper / defending player, cannot be replaced;
 - b the replacement for a suspended goalkeeper / defending player can only come from the five players of that team nominated to take part in the shoot-out competition:
 - i the replacement goalkeeper / defending player is allowed reasonable time to put on protective equipment similar to that which the goalkeeper/defending player they are replacing was wearing;

- ii for taking their own shoot-out, this player is allowed reasonable time to take off their protective equipment to take their shoot-out and subsequently to put it on again.
 - c any shoot-out due to be taken by a suspended player is forfeited; any goals scored by this player before being suspended count as a goal.
- 18 If during a shoot-out competition, a defending goalkeeper / defending player is incapacitated:
 - a that goalkeeper / defending player may be replaced by another player from among the players listed on the Match Report for that particular match, except as excluded in this Appendix or unless suspended by an Umpire during the shoot-out competition;
 - b the replacement goalkeeper:
 - i is allowed reasonable time to put on protective equipment similar to that which the incapacitated goalkeeper / defending player was wearing;
 - ii if this replacement is also nominated to take a shoot-out, this player is allowed reasonable time to take off their protective equipment to take their shoot-out and subsequently to put it on again.
- 19 If during a shoot-out competition, an attacker is incapacitated, that attacker may be replaced by another player from among the players listed on the Match Report for that particular match, except as excluded above or unless suspended by an Umpire during the shoot-out competition.
- 20 If an equal number of goals are scored after each team has taken five shoot-outs:
 - a a second series of five shoot-outs is taken with the same players, subject to the conditions specified in this Appendix;
 - b the sequence in which the attackers take the shoot-outs need not be the same as in the first series;
 - c the team whose player took the first shoot-out in a series defends the first shoot-out of the next series;

- d when one team has scored or been awarded one more goal than the opposing team after each team has taken the same number of shoot-outs, not necessarily being all five shoot-outs, that team is the winner.
- 21 If an equal number of goals are scored after a second series of five shoot-outs, additional series of shoot-outs are taken with the same players subject to the conditions specified in this Appendix:
- a the sequence in which the attackers take the shoot-outs need not be the same in any subsequent series;
 - b the team which starts each shoot-out series alternates for each series.
- 22 Unless varied by this Appendix, the Rules of Hockey apply during a shoot-out.
